# OUR COMPANY

---

Specialized in the distribution  
of frozen products since 2003.

At **CASSUA**, we have been distributing frozen products for over 20 years, since 2003. During this time, we have earned the trust of our customers, thanks to our **commitment to quality and satisfaction**.

We care about the environment, which is why we always strive **to reduce our environmental impact by applying responsible practices** in everything we do.

We also believe in **supporting the communities where we operate**, and we are committed to promoting their development through initiatives that improve their well-being.

At **CASSUA**, we highly value our employees, customers, and suppliers. To us, they are all key to our success. That's why **we build relationships based on trust, respect, and collaboration**. This way of working has allowed us to grow and adapt, always focused on offering high-quality products and excellent service.

**ONSSO**

We have **clients all over the world**: Africa, the Middle East, Europe, and Asia. Each of them is key to our growth and success. We are proud to be **present in 45 countries and work with over 400 clients**.

Most of our products (60%) come from Spain, while the rest is sourced from the European Union (20%) and South America (20%). Thanks to this variety of suppliers, we can offer **high-quality products and maintain a strong and diverse supply network**, ensuring customer satisfaction anywhere in the world.
